3. WHAT THIS PRIVACY NOTICE IS FOR

This privacy notice is intended to provide information about how we will use (or "process") personal data about individuals. Pupils are supplied with a copy of the summary notice *How we use your information*.

This privacy notice applies alongside any other information we may provide about a particular use of personal data, for example when collecting data via an online or paper form.

This privacy notice also applies in addition to the School's other relevant terms and conditions and policies, including:

- CCTV policy

Anyone who works for, or acts on behalf of, the school (including staff, volunteers, governors and other individuals providing a service) should also be aware of and comply with this privacy notice and the Staff Confidentiality Agreement (where applicable).

If you have any questions about this privacy notice or on how we use your personal data, please contact the Bursar at the School (see 'Contacts' on page 9).

4. PURPOSES FOR WHICH WE PROCESS PERSONAL DATA

We process a wide range of personal data to support our operations as an independent school. Some of this activity is required in order to fulfil our legal rights, duties or obligations - including those under a contract with staff, or parents of our pupils. We also expect that use of personal data will be made in accordance with the School's '**legitimate interests**', provided that these are not outweighed by the impact

on individuals and provided it does not involve special or sensitive types of data. The following processing is carried out to fulfil our obligations and we also expect these purposes to form our legitimate interests:

- **Selection and admissions of pupils** (and to confirm the identity of prospective pupils and their parents) including assessing eligibility for means tested bursary awards.
- **Providing educational services to our pupils** including the administration of curricular and co-curricular activities, monitoring progress, processing entries for public examinations and other assessments, publishing those results and other pupil achievements, reporting and storing examination and assessment results, assessing educational needs. Reporting to parents on their child's progress.
- **Providing other services to pupils** including higher education applications and providing careers advice, administering IT systems in accordance with our Online Safety and Acceptable Use policies, administering school trips, providing resources (library and online), giving and receiving references for current, past and prospective pupils.
- **Safeguarding our pupils and providing pastoral support** including recording concerns and incidences of bullying, monitoring use of the internet (and email if required) in accordance with our e-safety policy and Staff Acceptable Use of IT and keeping records of pastoral support given.
- **Maintaining relationships with alumnae and the wider school community**, including the Parents' Guild, by communicating about School activities and fundraising (please refer to our Development Office Privacy Notice for more information <http://spgs.org/privacy-notices>).
- **For the purposes of management and operations** such as processing data for planning and research including that required by law (such as tax, diversity or gender pay gap analysis and census returns), to enable relevant authorities to monitor the school's performance and to intervene or assist with incidents as appropriate (e.g., recording accidents in accordance with our health and safety policies), keeping records for insurance purposes or to obtain appropriate professional advice, keeping financial information to process invoices, fee accounts and manage debtors, compiling information for inspection by the Independent Schools Inspectorate, and for commercial operations or other charitable activities.
- **To ensure our premises are secure** including operating CCTV around our site and recording details of our visitors including taking and storing photographic images.
- **For the purposes of fulfilling our duties as an employer** including for the recruitment of staff, volunteers and contractors, conducting appropriate safeguarding checks as required by law, payroll and pension processing, keeping records of other staff matters including that relating to grievances and disciplinaries, and providing and receiving references.
- **Promoting the aims and achievements of the School** through our website, publications, our social media platforms and sometimes in the media. This includes using images (and videos) of our pupils in accordance with our Taking, Storing and Using Images of Children Policy.

Special category data

On occasion we will need to process **special category personal data** (concerning health, ethnicity, religion, biometrics, or sexual life/orientation) or criminal records information (such as when carrying out DBS checks) in accordance with rights or duties imposed on us by law, including as regards safeguarding and employment, or from time to time, by explicit consent where required. These reasons will include:

- To safeguard pupils' welfare and provide appropriate pastoral (and where necessary, medical) care, and to take appropriate action in the event of an emergency, incident or accident, including by disclosing details of an individual's medical condition or other relevant information where it is in the individual's interests to do so. For example, for medical advice, for social protection, safeguarding, and cooperation with police or social services, for insurance purposes or to caterers or organisers of school trips who need to be made aware of dietary or medical needs.
- To provide educational services in the context of any special educational needs of a pupil.

- To monitor the effectiveness of our equal opportunities policy.
- In connection with employment of our staff. For example, DBS checks, welfare, medical information, union membership or pension plans, biometrics.
- As part of any school or external complaints, disciplinary or investigation process that involves such data, for example if there are SEN, health or safeguarding elements.
- For legal and regulatory purposes (for example child protection, diversity monitoring and health and safety) and to comply with our legal obligations and duties of care.

5. TYPES OF PERSONAL DATA PROCESSED BY US

This will include by way of example:

- names, addresses, telephone numbers, e-mail addresses and other contact details
- car details (about those who use our car parking facilities)
- bank details and other financial information, e.g. about parents who pay fees to the school, to pay staff and other workers, and for the purposes of assessing means tested financial assistance
- past, present and prospective pupils' academic, disciplinary, admissions and attendance records (including information about any special needs), and examination scripts and marks
- personnel files, including in connection with academic records, employment and safeguarding
- where appropriate, information about individuals' health and welfare, and contact details for their next of kin
- references given or received by the school about pupils, and relevant information provided by previous educational establishments and/or other professionals or organisations working with pupils
- correspondence with and concerning staff, pupils and parents past and present; and
- images of pupils (and occasionally other individuals) engaging in school activities, and images captured by the school's CCTV system.

6. HOW THE SCHOOL COLLECTS DATA

In most cases the school receives personal data from the individual directly. Parents provide pupil information when they apply or join the School. Information may be collected via a form, or simply in the ordinary course of day to day interaction or communication (such as email, written assessments or by engaging in various activities) or by the use of online EdTech apps.

In some cases, personal data will be supplied by third parties (e.g. another school or employer, or other professionals or authorities working with that individual); or collected from publicly available resources. Please refer to the Development Office Privacy Notice for more information on how we collect data about our alumnae, friends and supporters of the School.

In accordance with statutory recommendations we use internet monitoring software for pupils to monitor access to unsuitable content. We do not routinely monitor email or staff internet use but may do so as part of an investigation. Please refer to our IT Acceptable Use policies and Online Safety policy <http://spgs.org/school-policies>

7. WHO HAS ACCESS TO PERSONAL DATA AND WHO WE SHARE IT WITH

For the most part, personal data collected by us will remain within the school and will be processed by appropriate individuals in accordance with access protocols. Particularly strict rules of access and sharing apply in the context of:

- medical records held and managed by appropriate medical staff, or otherwise in accordance with express consent. The School's medical team may disclose confidential information if it is considered to be in the pupil's best interest or necessary for the protection of other members of the school community. Lists of pupils with serious medical conditions and allergies may be displayed in appropriate areas of the school, such as staff rooms, but they will be covered so that they are obscured from casual view; and
- confidential pastoral or safeguarding records are held centrally on CPOMS. Access is tiered according to specific permission levels decided by the Director of Pastoral Care.

If required, this type of personal data will only be shared on a confidential 'need to know' basis (see below).

A certain amount of any SEN pupil's relevant information will need to be provided to staff more widely in the context of providing the necessary care and education that the pupil requires.

The school will need to share personal information relating to its community with third parties, such as:

- professional advisers (e.g. lawyers, insurers, PR advisers and accountants)
- government authorities (e.g. HMRC, DfE, police or the local authority); and
- appropriate regulatory bodies e.g. NCTL, the Independent Schools Inspectorate, the Charity Commission or the Information Commissioner.
- companies which organise activities on behalf of the school (e.g. school trip providers)

Data transferred to awarding bodies

Pupil personal data will be shared with awarding bodies for the purpose of examining and awarding qualifications. Awarding bodies in turn may be required to provide our pupils' personal data to educational agencies such as the DfE, Local Authorities and UCAS. This data may also be used for statistical and policy development purposes.

Safeguarding

Staff, pupils and parents are reminded that the school is under duties imposed by law and statutory guidance (including *Keeping Children Safe in Education*) to record or report incidents and concerns that arise or are reported to us, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. This is likely to include file notes on personnel or safeguarding files, and in some cases referrals to relevant authorities such as the LADO or police. For further information about this, please read our Safeguarding (child protection) policy. We keep a record of safeguarding concerns that are reported even if they do not meet the statutory thresholds for reporting on a confidential basis.

Processing by third parties

Some of our processing activity is carried out on our behalf by third parties such as database providers, web developers and data storage providers. This is subject to contractual assurances that personal data will be kept securely and only in accordance with the School's agreement and/or specific direction. A third party may also pass on, or contract with, a sub-processor. This would only be with our prior authorisation and under a written contract.

8. HOW LONG WE KEEP PERSONAL DATA

The school will retain personal data securely and only in line with how long it is necessary to keep for a legitimate and lawful reason. Further details can be found in the Document Retention Policy.

If you have any specific queries about how long we keep records or wish to request that personal data that you no longer believe to be relevant is considered for erasure, please contact the Bursar at the School (see contact details below). Please bear in mind that we will often have lawful and necessary reasons to hold on to some personal data **even following such request**.

A reasonable amount of information will be kept for the school's historical archive.

9. KEEPING IN TOUCH AND SUPPORTING THE SCHOOL

We will use the contact details of parents, alumnae and other members of the school community to keep them updated about the activities of the school (including fundraising initiatives) and alumnae and parent events of interest, including by sending updates and newsletters by email and by post. Please read the Development Office Privacy Notice <http://spgs.org/privacy-notice> for more information on how we process personal data for these purposes.

10. YOUR RIGHTS

Access

Individuals have the right to access and understand personal data held about them, and in some cases ask for it to be erased or amended or have it transferred to others, or for the school to stop processing it – but subject to certain exemptions and limitations. If you wish to access or transfer data to another person or organisation, or you have another objection to how your personal data is used, please put your request in writing to the Bursar (see contact details below).

We will aim to respond to any such written requests as soon as is reasonably practicable and in any event within statutory time-limits which is usually one month in the case of requests for access to information. Fulfilling more complex or multiple requests e.g. those involving third party information may take longer. We will make you aware if that is the case.

The School will be better able to respond quickly to smaller, targeted requests for information. If the request for information is manifestly excessive or similar to previous requests, we may ask you to reconsider, or require a proportionate fee (but only where Data Protection Law allows it).

Accuracy

We will aim to keep information we hold about you up to date and as accurate as possible. You can ask us to erase or correct any out of date, irrelevant or inaccurate information we hold about you (subject to certain limitations and exemptions under Data Protection Law). Please contact the appropriate department at the school if you want to amend your personal information. This will usually be the front office for parents and student personal details, HR for staff personal details and the finance office for financial details.

You should note that the school will not necessarily delete or amend views, opinions, notes or records purely on the request of an individual who disputes the account, although we may keep a record of all parties' viewpoints.

Requests that cannot be fulfilled

You should be aware that the right of access is limited to your own personal data, and certain data is exempt from the right of access. This will include information which identifies other individuals (and parents need to be aware this may include their own children, in certain limited situations – please see further below), or information which is subject to legal privilege (for example legal advice given to or sought by the school, or documents prepared in connection with a legal action).

The school is also not required to disclose any pupil examination scripts (or other information consisting solely of pupil test answers – although markers' comments may still be disclosable if they constitute personal data); provide examination or other test marks ahead of their ordinary publication date; nor share any confidential reference held by the school that was (or will be) given for the purposes of the education, training, appointment or employment of any individual.

You may have heard of the "right to be forgotten". However, we will sometimes have compelling reasons to refuse specific requests to amend, delete or stop processing your (or your child's) personal data: for example, a legal requirement, or where it falls within a legitimate interest identified in this privacy notice. All such requests will be considered on their own merits.

Pupil requests

Pupils can make subject access requests for their own personal data, provided that, in the reasonable opinion of the school, they have sufficient maturity to understand the request they are making (see section **Whose Rights?** below). A pupil of any age may ask a parent or other representative to make a subject access request on her behalf.

Given we are a secondary school, we expect our pupils to have this level of maturity, although this will depend on both the child and the personal data requested, including any relevant circumstances at home.

Parental requests

It should be clearly understood that the rules on subject access are not the sole basis on which information requests are handled. Parents may not have a statutory right to information, but they and others will often have a legitimate interest or expectation in receiving certain information about pupils without their consent. The school may consider there are lawful grounds for sharing with or without reference to that pupil.

Parents will in general receive educational and pastoral updates about their children in accordance with the Parent Contract.

All information requests from, on behalf of, or concerning pupils – whether made under subject access or simply as an incidental request which falls outside the routine provision of information to parents – will therefore be considered on a case by case basis.

Consent

Where the school is relying on consent as a means to process personal data, any person may withdraw this consent at any time (subject to similar age considerations as above). Please refer to either the Parent Contract or the Development Office Privacy Statement as appropriate for details on how to do this. Examples where we do rely on consent are for the certain use of images (e.g. if we wish to publish in the press) and certain types of fundraising. Please be aware however that the school may not be relying on consent but have another lawful reason to process the personal data in question even without your consent.

That reason will usually have been asserted under this privacy notice or may otherwise exist under some form of contract or agreement with the individual (e.g. an employment or parent contract, or because a purchase of goods, services or membership).

Whose rights?

The rights under Data Protection Law belong to the individual to whom the data relates. However, the school will often rely on parental authority for the necessary ways it processes personal data relating to pupils – for example, under the parent contract, or via a form. Parents and pupils should be aware that this is not necessarily the same as the school relying on strict consent (see section on Consent above).

Where consent is required, it will usually be appropriate, given the nature of the processing in question, and the pupil's age and understanding, to seek the pupil's consent. Parents should be aware that in such situations they may not be consulted, depending on the interests of the child, the parents' rights at law or under their contract, and all the circumstances.

The school will assume that pupils' consent is not required for ordinary disclosure of their personal data to their parents, e.g. for the purposes of keeping parents informed about the pupil's activities, progress and behaviour, and in the interests of the pupil's welfare. That is unless, in the school's opinion, there is a good reason to do otherwise.

However, where a pupil seeks to raise concerns confidentially with a member of staff and expressly withholds their agreement to their personal data being disclosed to their parents, the school may be under an obligation to maintain confidentiality unless, in the school's opinion, there is a good reason to do otherwise; for example where the school believes disclosure will be in the best interests of the pupil or other pupils, or if required by law.

11. TRANSFER OF PERSONAL DATA OUTSIDE THE EU

We may need to send personal data outside of the EU (e.g. for school trips). The European Commission has produced a list of countries which have adequate data protection rules outside of the EU (which includes the EEA countries). This can be found here:

https://ec.europa.eu/info/law/law-topic/data-protection/data-transfers-outside-eu/adequacy-protection-personal-data-non-eu-countries_en

If we need to transfer data outside of the EU or to a country which is not on the list, if required we will provide the individual with information on the safeguards which we will put in place.

12. THIS POLICY

We will review and update this Privacy Notice from time to time. Any substantial changes that affect your rights will be provided to you directly as far as is reasonably practicable.

Various laws underpin this Privacy Notice and are as follows:

- The General Data Protection Regulation (from 25 May 2018)
- The Data Protection Act 2018 and related legislation (from 25 May 2018)
- The Privacy and Electronic Communications Regulations 2011 (PECR) and the Privacy and Electronic Communications (Amendment) Regulations 2018
- The Protection of Freedoms Act 2012 (biometrics and CCTV)

13. QUERIES AND COMPLAINTS

Any comments or queries about this policy should be directed to the Bursar using the contact details below. If you feel unable to contact the Bursar, you should contact the High Mistress. Any complaint will be handled as soon as possible, however if it is received during the school holidays, response times may be longer. A response to a complaint will be given in writing and you may be asked to provide additional details, or to attend a meeting with a senior member of the school. If you remain unsatisfied with the outcome of your complaint, you may refer the matter to the Clerk to the Governors for consideration by a member of the School's governing Board.

You can also make a referral to or lodge a complaint with the Information Commissioner's Office (ICO), although the ICO recommends that steps are taken to resolve the matter with the organisation before involving the regulator.
