## Travel

An education at St Paul's is demanding. Girls are required to live within a reasonable distance of the school and we may decline to pursue an application where, in our opinion, it may require an unrealistically demanding journey for the student.

Home postcode  —————> St Paul's postcode W67BS

Should this commute be longer than 50 minutes please detail below the route and timings of the journey your daughter would take should she become a student at the school.

Please read the booklet *Information for parents 2021 entry*

We would like to draw your attention in particular to our requirements concerning residency together with our admittance of siblings policy. Further details are available in our information booklet and can be found in our Admissions policy available on the website at [www.spgs.org/school-policies](http://www.spgs.org/school-policies).

## Ethnic background and religion monitoring questionnaire

In accordance with Department for Education guidance, St Paul's collects information on pupils' ethnic background. This information also enables us to check that we are complying with our equal opportunities policy. You are therefore invited to tick one box which most accurately describes the pupil's ethnic origin. It is recommended that young people between the ages of 11-15 should have the opportunity to decide their own ethnic identity. You may therefore wish to discuss this with your daughter and support or advise her when making this decision. Pupils aged 16 or over should be able to make their own decisions. We also record pupils' religion, first language and nationality.
