Ethnic background and religion monitoring questionnaire

In accordance with Department for Education guidance, St Paul's collects information on pupils' ethnic background. This information also enables us to check that we are complying with our equal opportunities policy. You are therefore invited to tick one box which most accurately describes the pupil's ethnic origin. It is recommended that young people between the ages of 11-15 should have the opportunity to decide their own ethnic identity. You may therefore wish to discuss this with your daughter and support or advise her when making this decision. Pupils aged 16 or over should be able to make their own decisions. We also record pupils' religion, first language and nationality.
